

Dr. Shellington - Felt Mask

Instructions:

The face

1. Layer pieces A, B and C with A behind and C in front.
2. Position elastic at the mid eye level, between layers A and B. Pin the elastic to the other pieces, about half an inch into the mask
3. Stitch together.
4. Stitch around the eyes and inner ears.
5. Attach the dark brown nose to the mask by stitching along the two top edges.

The Hat

1. Attach piece G to piece F (the longer hat piece)
2. Layer pieces E and F together with F on top and both of E behind. Stitch together.
3. You should have a hat that has three layers except for a narrow strip at the bottom, which is one layer of felt.
4. Stitch or hot glue the Octonauts symbol to the hat.
5. Attach the hat to the face along the one layer of the hat. Piece.
6. Turn the mask over and hand stitch the back of the hat (the double layer) to the back layer of the mask, this will make it stand upright with greater ease.

Cut the following pieces in felt

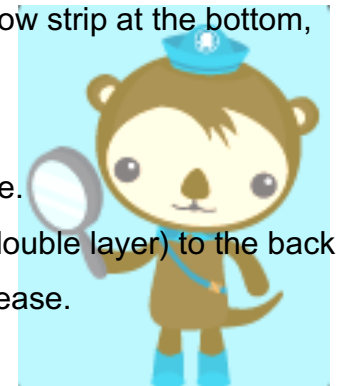

- A: One in dark brown
- B: One in light brown
- C: One in dark brown
- D: One in dark brown
- E: Two in bright blue
- F: One in bright blue
- G: One in dark blue

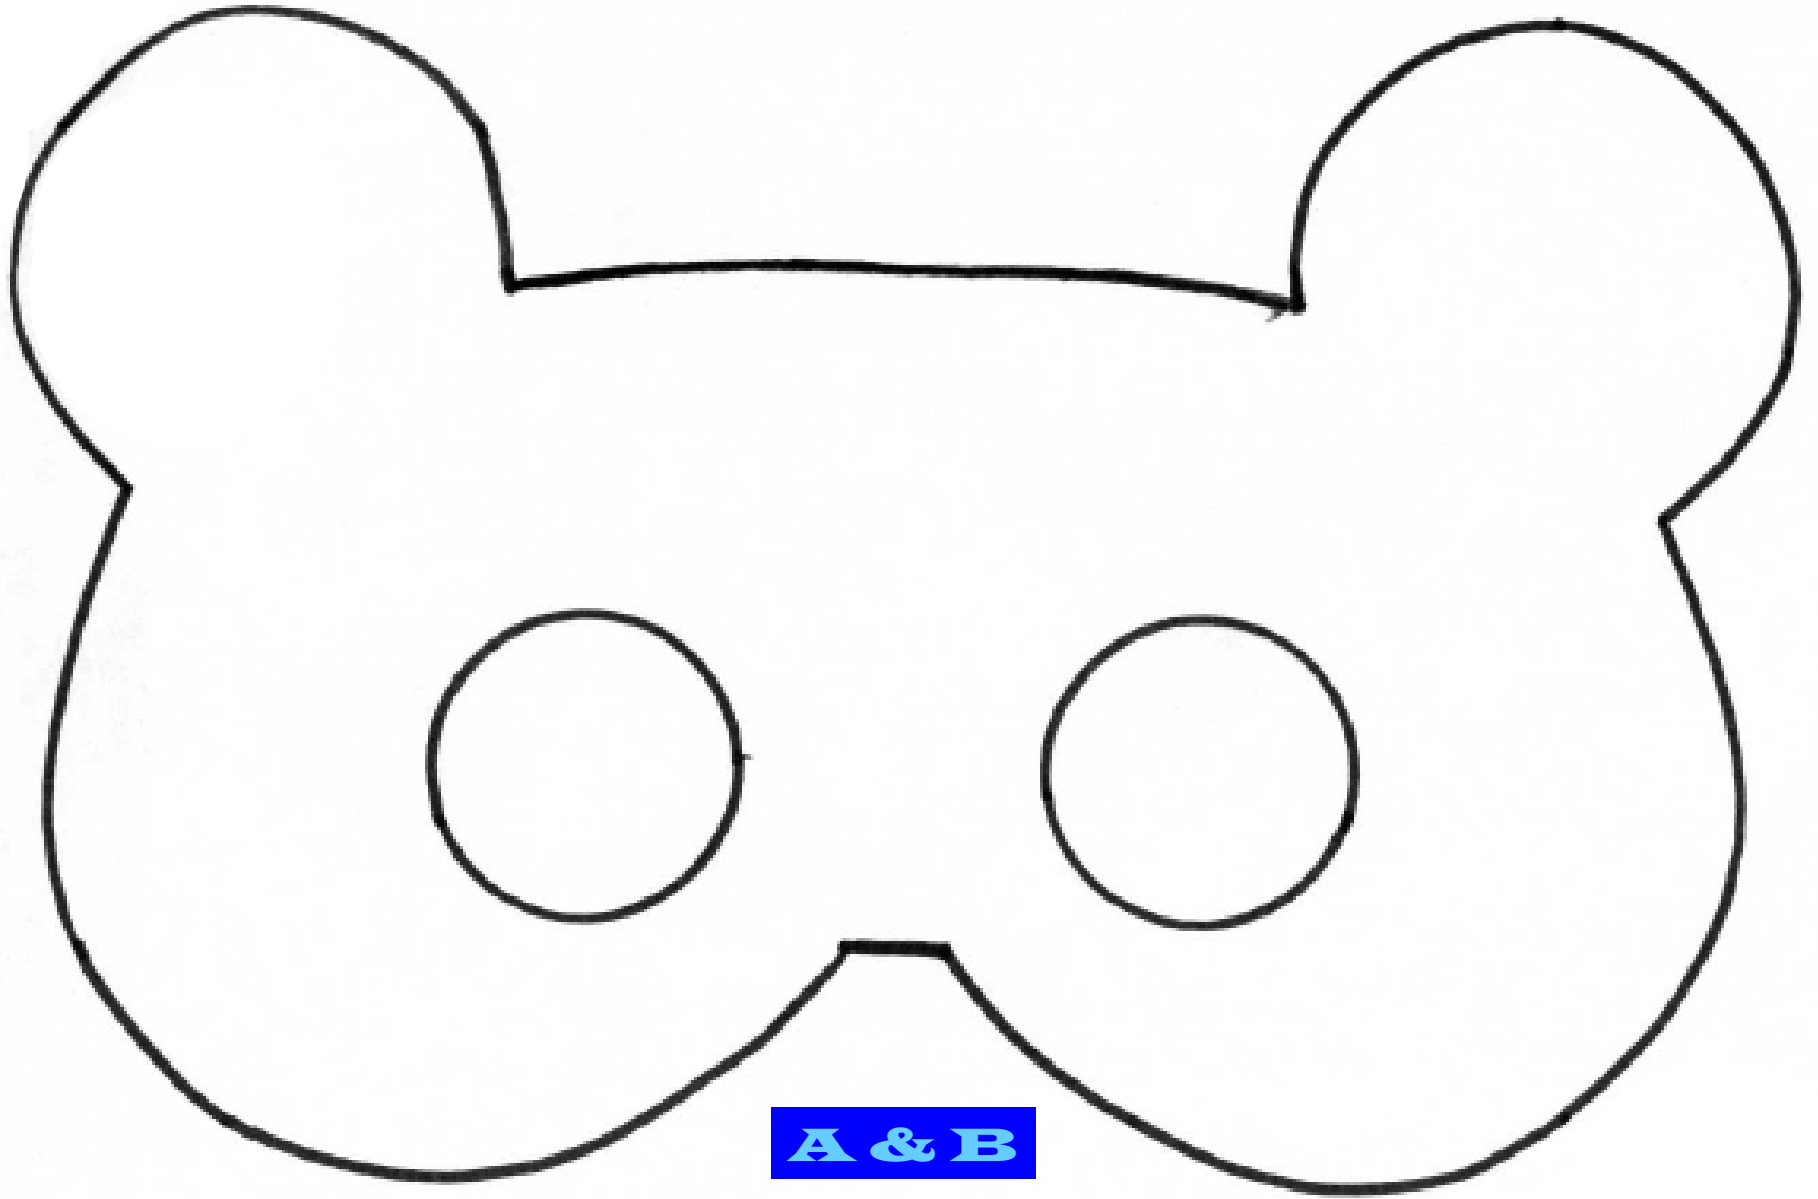

You will also need:

- One Octonauts Logo
- Up to 11 inches of thin elastic

Put mask on and go exploring!
