

Tunip the Vegimal - Felt Mask

Instructions:

The face

1. Layer three yellow pieces together.
2. Position elastic at the mid eye level, between the back two layers. Pin the elastic to the other pieces, about half an inch into the mask
3. Stitch together, leaving a one inch opening for the topper to slide into.
4. Stitch around the eyes.
5. Attach the blue nose to the white nose.
6. Attach nose piece to face.

The topper

1. Line up the two layers of greenery, and pin together.
2. Begin stitching on the right hand side until you reach the center point.
3. Insert the pipe cleaner as indicated on the pattern, twisting where it overlaps.
4. Continue to stitch the outer and inner sections of greenery until the pipe cleaner is snug in place.
5. Snip the pipe cleaner so that it does not protrude.

Insert the topper into the opening and finish stitching.

Put mask on and make fish biscuits!

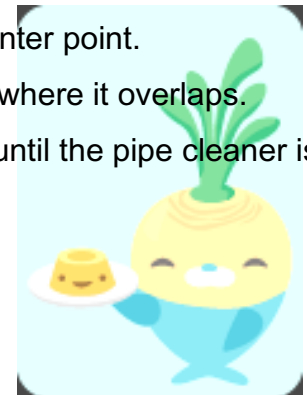

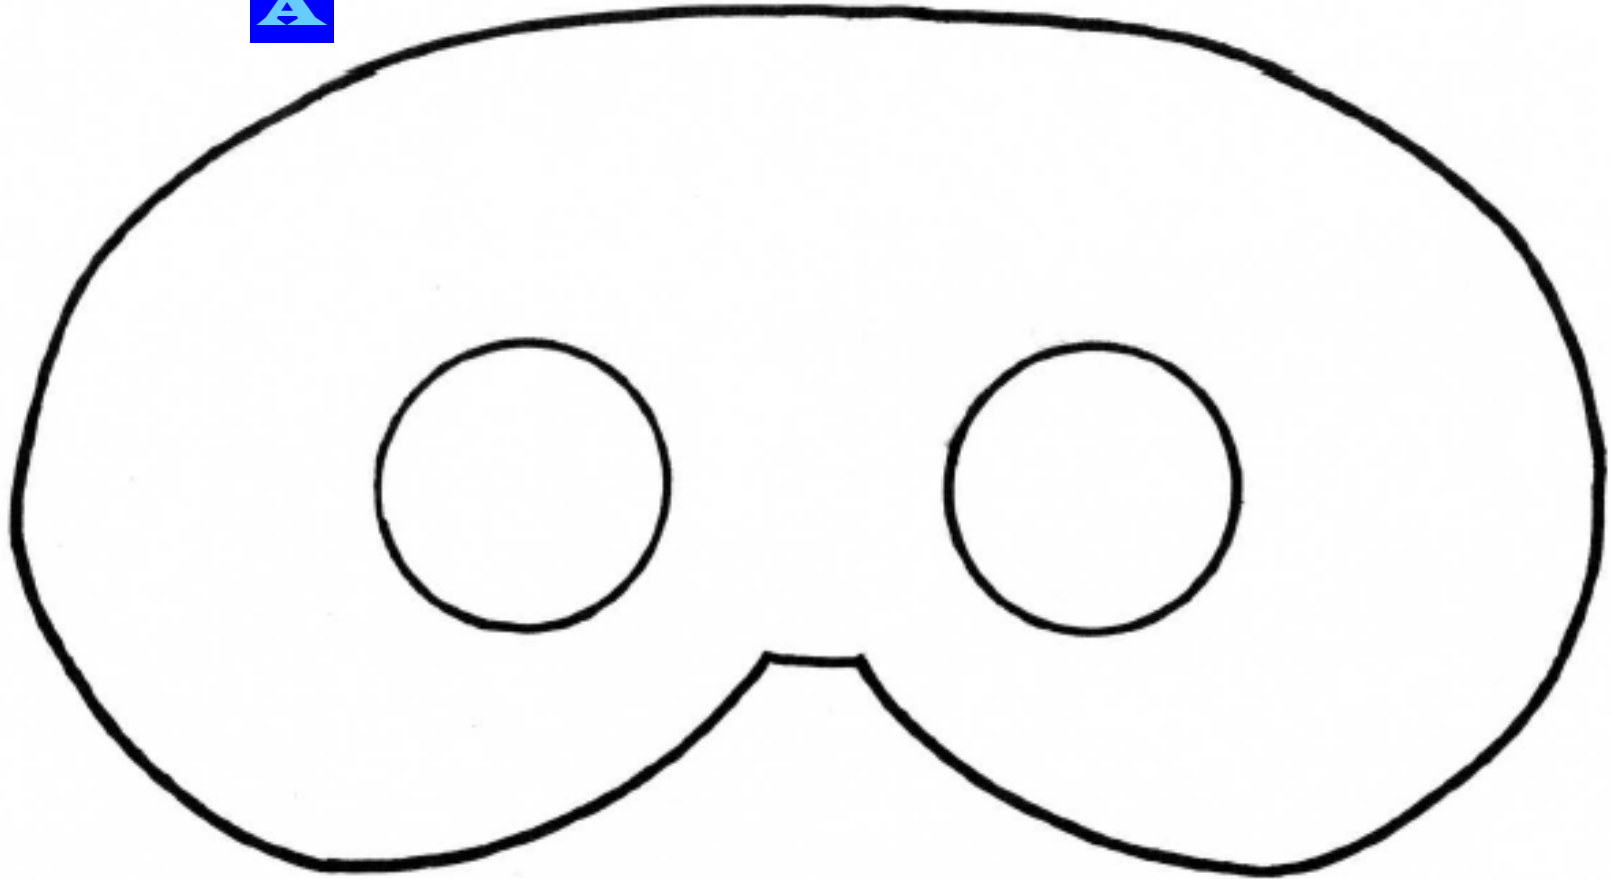

Cut the following pieces in felt

- A: Three in yellow
- B: One in white
- C: One in blue
- D: Two in green

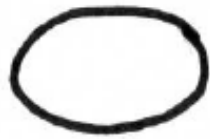

You will also need:

- Up to 11 inches of thin elastic
